“AGING HEALTHY THROUGH SONG & DANCE”

2016 National Indian Council on Aging Conference: Aging in Indian Country “Aging Healthy Through Song and Dance”

September 13-15, 2016
Conference & Event Center Niagara Falls
Niagara Falls, NY

“Celebrating the 21st Biennial NICOA Conference”

BACKGROUND

The National Indian Council on Aging, Inc. (NICOA) is a 501 (c) (3) not-for-profit organization founded in 1976. Our Mission is to advocate for improved comprehensive health, social services and economic wellbeing of American Indian and Alaska Native (AI/AN) Elders. NICOA provides testimony before federal, state and tribal policy makers on behalf of older Native Elders. The board is comprised of a 13 AI/AN Elders representing regions from across the U.S. and Alaska. The membership meets biennially to elect new board members and to establish the NICOA aging policy agenda. The additional purpose of the biennial meeting is to educate and recommend solutions to policy makers to help improve aging services across Indian Country.

NICOA represents over 484,502* American Indian and Alaska Native Elders 55 years and older across the United States and Alaska. NICOA Biennial Conference attendees are 1,500-2,000 AI/AN Elders, stakeholders and Aging Network providers. Our voting member elders actively participate in caucus sessions representing each of the 12 NICOA regions; participate in the election of board members; submit aging specific resolutions; revise bylaws; and develop a collective aging policy agenda for NICOA to advocate for in Washington, DC.

CONFERENCE AIMS

The conference is the Elders’ forum; the place to voice concerns and to receive up to date information and resources to help Elders age at home and in their own communities. NICOA works closely with the U.S. Department of Health and Human Services and the Department of Labor to advocate for grant funded program and services such as Title VI Services for Native Americans (OAA Title VI), Indian Health Services, Medicare/Medicaid, Social Security, Senior Community Service Employment Program and others. NICOA members provide recommendations on policies that are important to aging older Indians such as the Affordable Care Act/Indian Healthcare Improvement Act, Older Americans Act, Senior Community Service Employment for Older Americans – (AOA Title V), to mention only a few. Officials from federal, state and tribal services and departments are invited to listen, learn and share in the discussion about the successes and concerns impacting aging in Indian Country.

Keynote speakers from federal, state and tribal programs and departments will be present to provide program updates and listen to the aging needs of AI/AN Elders. Informational workshops will be provided by service providers and *Aging Network professionals with the experience in providing services to AI/AN Elders. The workshop sessions include caregiver support, health, nutrition, transportation, disease prevention, Long Term Services and Supports, employment and training, financial assistance, and much more.*

NICOA invites you to be a part of the 21st Biennial NICOA Conference experience!

*Data from the US Census estimates for 2012 (additional estimated numbers of AI/AN elders 55 and older at 982,494 alone or in combination with one or more other races).

Sponsorship Packages and Benefits

Mountain - \$50,000 or More

BENEFITS
