TOOLS FOR CAREGIVING

15th Annual Conference on Alzheimer's disease in Native Americans

Alzheimer's disease/ dementia is a growing problem that impacts both the person as well as their family caregivers. This full-day conference is designed to incorporate relevant research around the disease and caregiving as well as highlight available services and supports for caregivers and families. Participants will learn strategies to use daily to promote well-being in elders and their families.

Visit www.banneralz.org/nativeamerican to learn more or register.
